### What is MS?

Multiple Sclerosis (MS) interrupts the flow of information from the brain to the body.

It is unpredictable and often disabling.

One in every 500 residents in Wisconsin live with MS, giving Wisconsin one of the highest incidence rates in the country.

June Hillert's life was taken by MS in March, 2018 but the fight to find treatments and ultimately a cure continues in her name.

Join us for the 9th Annual Golf for a Cure Event — and you will be helping to achieve June's vision for a cure, in remembrance of her. Thank you.

### 2017 Premium, Main & Program Sponsors

Adams-Columbia Electric Cooperative  
Operation Round-Up
